Reviews

See how the Blog-o-sphere flatters the **slimming shapewear from Silkies**:

"Animal prints are definitely in this season, and [Sculptz](#) — the truly soft and comfy shaper tights we discovered earlier this year — have a new line of [animal print tights](#) that are subtly awesome. Because they are shaper tights (ahem), they don't just look cool, they keep away the VPL, and really do slim you and smooth you out beautifully." [Read More](#)

"They don't even feel as binding as a traditional control top. They are super comfortable! They do not feel like shapewear at all, and I completely agree with their motto "Shaping Control so Comfortable you'll Forget you Have it On." [Read More](#)
